PROFESSIONAL EXPERIENCE

Apr 2023 – Present
Remote

UI/UX Designer, LeagueSportsCo (Formerly known as XTZesports) 

Designed and prototyped a diverse portfolio comprising sports, esports, Web3, and technology suite, aimed at enhancing modern gaming and sports engagement and participation. Also designed pitch decks and brand books to help establish a cohesive brand identity and its ecosystem.

- **WBL**  : World Bowling League is redefining the future of bowling.
- **TMS** : An efficient tournament management system for managing, Creation, Operations & Global Publication of bowling tournaments.
- **Play App** : A dashboard for bowlers for participation and streaming.
- **TBR**  : Team Blue Rising(TBR), co-owned by Virat Kohli and LSC, is a prominent race team competing in the E1 series.

Apr 2022 – May 2023
Remote

Graphic & UI/UX Designer, Zone

- **ZONE**  : A web3 gaming platform that offers a wide range of gaming genres and intense global gaming tournaments.
- **AFKElephants**  : NFTs with gamified, deflationary features and power-up mechanics.

2022
Gurugram

Freelancing

- **RIZELY**  : Rizely is a Telegram-based platform used for lead generation. I designed Rizely's complete end-to-end dashboard and landing page.
- **Onewire** : Onewire is a platform used for removing unwanted articles and pictures from the internet.
- **Blockchain Press Media**  : Blockchain Press Media is a Crypto Marketing Platform.
